Honors College Reminders for Academic Advisers

Requirements for Continuing HC Membership
In order to continue membership, HC members must:
- maintain a cumulative GPA of 3.20
- submit a properly approved Honors College Academic Progress Plan (HCAPP) annually
- complete at least 3 honors experiences by the end of the spring semester of their second year at MSU
- pursue an enriched program of study that includes at least 8 honors experiences by graduation
- complete an enriched program of study in general education, including departmental substitutions for integrative studies courses and/or Honors sections of Integrative Studies
- For detailed information on membership requirements, please see: http://honorscollege.msu.edu/continuing-membership

Probation, Release and Appeal Processes
Students who fail to meet one or more of the requirements for continuing HC membership may be given a warning (in the case of GPA) or may be released (not filing an HCAPP on time or completing less than the required three Honors experiences) from the Honors College. Release from the Honors College will also suspend any scholarship funds received by the student that are conditional upon Honors College membership.

Campus Admissions Process
Admittance to the Honors College is by invitation only. The admission process begins early each spring semester and will finish by mid-spring semester. The Honors College will target the top 10% of first year students in each college upon completion of their first semester, examining each student’s record for evidence of academic excellence. Invitations will be sent to students’ MSU email accounts through the Confidential Message System maintained by the Registrar’s Office.
